Distributed Cloud Services Learning Path

Westcon | **f5**

Expand your knowledge with LearnF5, F5's dedicated learning hub for the partner community. **Tutorial information** and **FAQs** are available if you are not familiar with the platform.

We have set out a learning plan to help you on your F5 Distributed Cloud journey:

- **Enabling the Edge 2.0 Revolution** allows you to choose from a concise or extended primer depending on your background knowledge. (20-50 mins)

- **Introduction to F5 Distributed Cloud Platform** is designed to help both Sales and Technical professionals become familiar with the platform, use cases, vision and target customers. (1 hour)

- **Deliver a Whiteboard Session: Multi-Cloud Networking** module will prepare you to deliver a whiteboard session to engage your customers in a meaningful conversation about multi-cloud networking in order to realise the value the Volterra platforms brings. (15 mins)

- **Why Use F5 Distributed Cloud as an Application Delivery Network** describes how customers can use the platform to create a networking and application experience that logically shifts workloads across clouds and over to their data centers with one base networking and application configuration that automatically knows how to communicate with each cloud provider. (7 mins)

- **F5 Distributed Cloud Services Quickstart Tutorial** is designed for technical sales professionals and contains a collection of quickstarts for three of the most timely use cases. (30-90 mins)

- **F5 Distributed Cloud Web App & API Protection (WAAP) Overview** helps you learn about this emerging security product category and market as well as F5's evolving offering.

- **F5 Distributed Cloud Distributed Cloud Web App & API Protection (WAAP) Demo Preparation** is designed to prepare you to deliver a demo of F5 Distributed Cloud Distributed Cloud Web App & API Protection (WAAP).

Partner Sales Engineers, when you are ready you can request access to the following:
- **F5 Partner DEMO tenant request form**
- **F5 Distributed Cloud WAAP Demo Validation Request**

If you need any further information or have queries then please get in touch with your local **Westcon Account Manager.**
